## **1. Program Vision**

The College of Fine Arts aspires to be a distinguished creative institution and a leader in scientific research in the fields of arts. It seeks to contribute to the development of culture, support artistic and intellectual innovation, and prepare qualified graduates capable of meeting the needs of society and the labor market, while enhancing the national artistic identity with a global standing.

## **Program Mission**

We strive to provide a high-quality creative educational environment that enables pioneering research in theatrical, cinematic, and television arts. This is achieved through distinguished academic programs and modern facilities that foster innovation and support artistic entrepreneurship. The mission also aims to enhance local and international partnerships and serve the community through a sustainable artistic culture.

**. Program Objectives**

1. Provide distinguished academic education in theatrical, cinematic, and television arts to enhance students' competencies and equip them with professional skills.
2. Prepare artists in theatrical, cinematic, and television arts who possess artistic and creative skills capable of meeting the needs of the artistic field.
3. Promote scientific research and artistic creativity in the arts and creative production, and advance knowledge and modern technologies in the fields of arts.
4. Support entrepreneurship and innovation, and strengthen digital transformation by integrating technology into the arts.
5. Encourage students to develop innovative theatrical projects that contribute to reviving cultural and artistic heritage.
6. Enhance collaboration with artistic and cultural institutions to provide training opportunities for students.
7. Contribute to the development of cultural life by presenting artistic performances that reflect societal and humanitarian issues.
